

Benzamidine

CH3 Catalog # 880001 Unit Size: 1 ml (10 - 100 μ l each)

CH3 Catalog # 880002 Unit Size: 5 ml (20 - 250 μ l each)

PRODUCT OVERVIEW

Convenient ready-to-use protease inhibitor compatible with in vitro arginine methyltransferase reactions. Dilute 5 μ l/ml of assay buffer prior to addition of S-Adenosylmethionine, enzyme and substrate for methyltransferase assay.

PURIFICATION

NA

FORMULATION

Prepared as a 2 mM solution in de-ionized water (≥ 18 M Ω cm).

RECOMMENDED USAGE

For use during in vitro methylation of recombinant or native proteins.

TESTING

Validated by in vitro methylation using CH3 Arginine-Rich Peptide.

STORAGE

Thaw one tube for single use only. Store remaining aliquots at $\leq -20^{\circ}$ C. Stable for at least 1 year after the date of preparation printed on the label.

All products are for Research Use Only and not for in vitro diagnostic use

This Package Insert is provided for product evaluation purposes only and is not intended to be used in place of the Package Insert shipped with the product.
